

ACTUARIAL SCIENCE AND DEMOGRAPHY POSITIONS

The Department of Actuarial Science and Insurance at *Instituto Tecnológico Autónomo de México* (ITAM) invites applications for tenure track or visiting positions. The anticipated starting date is August 1, 2015 or later. Applications will be reviewed on an ongoing basis. Candidates must have a Ph.D. in a discipline related to Actuarial Science, Insurance or Risk Management or a Ph.D. in Demography with expertise in ageing populations, the potential to conduct research, good communication skills and a commitment to teaching.

The Department belongs to the Faculty of Mathematics and Statistics and is in charge of providing core courses to the undergraduate program in Actuarial Science and the graduate program in Risk Management. With average numbers of 650 undergraduate and 55 graduate students, these programs are a good example of ITAM's dedication to academic excellence and to the formation of leaders. Given their strong ties to the industry and public sector, faculty at ITAM are capable of and encouraged to apply their academic interests to consulting projects that have a significant impact for corporations and public institutions. Located in Mexico City, ITAM is a private, non-profit Mexican university. It was founded in 1946 to make higher education the driving force behind industrial economic progress in the country.

Currently its faculty consists of 239 professors and 298 lecturers. Languages of instruction are Spanish and English. Salaries are competitive by international standards.

Please submit a cover letter, curriculum vitae and make arrangements for three letters of reference to be sent directly to:

Dr. Beatriz Rumbos, Dean.

Division of Actuarial Science, Mathematics and Statistics
